

*Between every
two pines is a
doorway to a
new world.*

— John Muir

WEBER STATE
UNIVERSITY

College of Science

— DEPARTMENT OF —
**BOTANY &
PLANT ECOLOGY**

Plants provide the resources to:

- build houses
 - clean the air
 - develop medicine
 - feed the world
 - fuel cars
 - make music
 - create clothing
-

Plants can save our world.

To find out how, study **botany** and **plant ecology** at Weber State University.
