

*In every outthrust  
headland, in every  
curving beach, in every  
grain of sand there is a  
story of the earth.*

— Rachel Carson

**WEBER STATE  
UNIVERSITY**

College of Science

— DEPARTMENT OF —  
**EARTH AND  
ENVIRONMENTAL  
SCIENCES**

# Top **5** Reasons to Study Earth and Environmental Sciences at WSU

- 1** You'll learn about the origin, composition, and evolution of our amazing home planet — Earth.

---

- 2** Our degree programs help you develop the geoscience knowledge and workforce skills that employers seek.

---

- 3** You'll work closely with inspiring faculty in small classes and on undergraduate research projects.

---

- 4** Our Geology Club and Geoscience Honor Society (Sigma Gamma Epsilon) bring students together for fun and service projects.

---

- 5** You'll participate in a variety of field excursions and learn about geospatial technologies.
