

**WEBER STATE
UNIVERSITY**

College of Science

CENTER FOR
**SCIENCE &
MATHEMATICS**
EDUCATION

1 Support for Educators

We offer a variety of kits and resources for teachers to check out and use in their classrooms! You will find support with courses, group activities, science fair resources, and info on professional development.

2 Activities for Families

Come let us spark a love for science & math in your children. We have Science in the Parks, Summer Camps, the Museum of Natural Science, the Ott Planetarium, the annual Physics Open House & so much more!

3 Become a Volunteer!

Our volunteers help us touch the lives of many! We promote science and math education inside and outside of WSU, and can use all levels of experience and any time you have to give. Check out these opportunities. Will you join us?
